Going Green

Change in Overdue Reminder Notices

The Ames Free Library is joining the effort to create a greener world. We can all make our planet better by making small changes.

In order to reduce our paper consumption and save the cost of postage, **the library will be mailing only one overdue notice instead of three.** Once an item becomes two weeks late, a notice will be mailed to you. If the item becomes five weeks late, it is assumed to be lost and a bill will be generated.

We encourage you to register for electronic notification for overdue and all other notices. They provide efficient reminders to you and cost savings to us. We will never share your email address with another organization, but we will keep you informed about your library account.

Also remember that by borrowing materials you enjoy from the library, you save both money and the environment. You can buy what you truly want and plan to keep, but borrow endlessly from the library to expand your horizons.
